

Report of the Motor Fuel Propane Working Group

October 12, 2004

Peter Ward

California Energy Commission

Propane's Strategic Approach

◆ Market Partners

- Delta Liquid Energy, Mutual Propane, CleanFuel USA and Conoco/Phillips

◆ Targeted Fleets and Customers

- CalTrans and other Public and Private Fleets

◆ Dispensing Stations

- On-Island Dispensers
- Fleet Card POS
- Propane Motor Fuel Specification
- Prices competitive with Gasoline and Diesel

Establishing a Station Network

- ◆ 13 Stations established-AFI Program
 - Stations sited in Cooperation with CalTrans and the Driving Green Task Force
- ◆ 6 Station Cluster for Sacramento
 - Stations being sited at Conoco/Phillips Locations for Public and Private Fleets
- ◆ 6 Station Cluster for SCAQMD area
 - Prospecting sites in South Coast now

Petroleum Reduction

- ◆ SB 1170 Report- Determined recommendations to reduce State Fleet petroleum fuel 10% by January 2005
 - Propane alone could achieve 4.4% reduction
 - Utilized in CalTrans and other fleets that have Bi-fuel Propane vehicles
 - On-schedule to achieve 4.4% goal with station establishments

Petroleum Reduction

- ◆ Propane now poised to achieve the statewide Petroleum Reduction Goals for 2020 set in the AB 2076 Report.
- ◆ Introducing Bill Platz, President, Delta Liquid Energy (Also Jon Van Bogart, Steve Moore, Doug Bergman, Curtis Donaldson, Greg Gilbert, Brian Feehan)
